Field Relay, 3-Channel

SKU ASMF-03/16.1 · Field / in-wall mounting

DESCRIPTION

Field relay, 3-channel — three switched circuits at 6 A from a compact module installed close to the load.

Relay 3 channels, Max. switching current 6A/channel, total current of 3 channels must be less than 12A. Rated voltage 115V-250V AC, 50/60Hz, Main KNX functions including switch, shutter, valve, heating, fan control.

Inputs can be individually configured per 4 Ch input & 4 Ch input/LED output, cable length≤10M, dry contact input, 5V/12V DC LED output.

Power: KNX Bus only

SPECIFICATIONS

SKU	ASMF-03/16.1
Mounting	Field / junction box
Channels	3 switched outputs · 6 A
Bus	KNX TP

APPLICATION

COMPACT HOUSING

Installs close to the load

KNX TP CONNECTION

In-field bus wiring
