Waltz Touch+ Pad

SKU AWTP-01.S · Flush wall mounting

DESCRIPTION

KNX Secure touch scene interface. A full-face glass pad with an integrated display area for scenes, lighting and climate.

Elevate your home or office with the sleek Designer Collection combining cutting-edge technology with minimalist elegance. Crafted with a premium tempered glass panel, responsive control with a gentle tap. Subtle LED indicators guide you in the dark, screen touch, while its modern, frameless design complements any interior style.
